List of Programs

On this page, review the list of teacher preparation programs offered by your institution of higher education (IHE) or organization. If you submitted an IPRC last year, this list of programs is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to enter the programs in the appropriate reports. For the traditional report, list all traditional programs within the IHE. For the alternative report, list all alternative programs within the IHE. You may edit, delete, and insert new rows as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page. The system will automatically total the number of programs for you.

Program Information

List each teacher preparation program included in your traditional route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at https://www2.ed.gov/programs/tqpartnership/awards.html.

Program Requirements

On this page, review and enter information about the program requirements for admission into the program, program completion, and supervised clinical experience. If you submitted an IPRC last year, much of this page is pre-loaded from your prior year's report. If your IHE offers both traditional and alternative programs, be sure to specify the requirements in the appropriate reports. For the traditional report, provide the requirements for traditional programs within the IHE. For the alternative report, provide the requirements for the alternative programs within the IHE.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Admissions

1. Indicate when students are formally admitted into your initial teacher certification program:

Junior year ▼

If Other, please specify:

2. Does your initial teacher certification program conditionally admit students?

○ Yes

● No

3. Provide a link to your website where additional information about admissions requirements can be found:

http://www.uah.edu/education/education-student-services/admission-requirements

4. Please provide any additional information about or exceptions to the admissions information provided above:

*Students are considered for admission to the teacher education program after completion of Block 1 courses and meeting requirements as outlined in the above link. After collecting dispositions and interview data, faculty meet to review and make recommendations for admission. *Candidates are either admitted or not admitted; those who are admitted may be admitted with the Professional Development Plan (PDP) which contains a list of concerns along with plan for addressing the concerns and a timeframe for the student to complete the PDP. Students are no longer admitted conditionally.

Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. **(§205(a)(1)(C)(i))**

1. Are there initial teacher certification programs at the undergraduate level?

● Yes

○ No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the rest of the page blank (or **clear responses already entered**) then click save at the bottom of the page.

Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2015-16. **(§205(a)(1)(C)(iii), §205(a)(1)(C)(iv))**

Additional guidance on reporting supervised clinical experience and nonclinical coursework.

Average number of clock hours of supervised clinical experience required prior to student teaching	200
Average number of clock hours required for student teaching	525
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	7
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	80
Number of students in supervised clinical experience during this academic year	40

Please provide any additional information about or descriptions of the supervised clinical experiences:

Number of adjunct faculty supervising clinical experience during the academic year 2015-2016 represents adjunct-part time university education faculty and mentor/cooperating teachers for interns. It does not include classroom teachers who served as mentors for students enrolled in pre-internship semesters.

Enrollment

On this page, enter the number of candidates for an initial teaching credential who are enrolled in the initial teacher preparation programs within your institution of higher education (IHE) or organization. **Do not** report on the total number of students enrolled in the entire IHE. **Do not** include individuals who currently hold a teaching credential and are seeking additional licenses or endorsements, or individuals preparing for school-based careers other than classroom teachers (e.g., administrators, guidance counselors).

The Department recognizes that in many cases, candidates voluntarily report their race/ethnicity and gender data, and that in some cases, candidates may choose not to report this information. Please report on the race/ethnicity data you have available, though the data may not be complete. It is not expected that the sum of the enrolled students reported by race/ethnicity or by gender will necessarily equal the total number of students enrolled.

If your IHE offers both traditional and alternative programs, be sure to enter the candidates enrolled in the appropriate reports. For the traditional report, provide only the candidates enrolled in traditional programs within the IHE. For the alternative report, provide only the candidates enrolled in the alternative programs within the IHE.

After entering the enrollment data, save the page using the floating save box at the bottom of the page.

Enrollment

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

Additional guidance on reporting race and ethnicity data.

Total number of students enrolled in 2015-16	59
Unduplicated number of males enrolled in 2015-16	10
Unduplicated number of females enrolled in 2015-16	49

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled. **(§205(a)(1)(C)(ii)(H))**

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

THIS PAGE INCLUDES:
>> Teachers Prepared by Subject Area
>> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2015-16. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2015-16. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

Program Completers

On this page, enter the total number of individuals who completed the program in AY 2015-16 and the two prior academic years. If you submitted an IPRC last year, the number of program completers for the two prior academic years are pre-loaded from your prior year's report.

A program completer is a person who has met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript or other written proof of having met the program's requirements. In applying this definition, the fact that an individual has or has not been recommended to the state for initial certification or licensure may not be used as a criterion for determining who is a program completer.

An individual cannot be classified as both enrolled and as a program completer at the same time. An enrolled individual is not a program completer. Once an individual has met all the requirements of a state-approved teacher preparation program and becomes a program completer, the individual is no longer classified as enrolled.

After entering the program completers, save the page using the floating save box at the bottom of the page.

Annual Goals

On this page, review the annual goals in each subject area listed below. If you submitted an IPRC last year, the goals you entered last year are pre-loaded from your prior year's report. Please respond to the questions to report on progress towards the goals, and set new goals for the next academic year.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Annual Goals - Instruction of Limited English Proficient Students

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. **(§205(a)(1)(A)(ii), §206(a))**

Information about teacher shortage areas can be found at **https://www2.ed.gov/about/offices/list/ope/pol/tsa.html**.

Please provide the information below about your program's goals to increase the number of prospective teachers in instruction of limited English proficient students in each of three academic years.

Academic year 2015-16

1. Did your program prepare teachers in instruction of limited English proficient students in 2015-16?

- ○ Yes
- ● No (leave remaining questions for year blank)

2. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2015-16?

[   ]

3. Did your program meet the goal for prospective teachers set in instruction of limited English proficient students in 2015-16?

- ○ Yes
- ○ No
- ● Not applicable

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Academic year 2016-17

7. Is your program preparing teachers in instruction of limited English proficient students in 2016-17?

- ○ Yes
- ● No (leave remaining questions for year blank)

8. How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2016-17?

[   ]

9. Provide any additional comments, exceptions and explanations below:

10. Will your program prepare teachers in instruction of limited English proficient students in 2017-18?

○ Yes

● No (leave remaining questions for year blank)

11. How many prospective teachers does your program plan to add in instruction of limited English proficient students in 2017-18?

12. Provide any additional comments, exceptions and explanations below:

Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

● Yes

○ No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

● Yes

○ No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

● Yes

○ No

○ Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

● Yes

○ No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

● Yes

○ No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

● Yes

○ No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

● Yes

○ No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

1. The most successful strategy in ensuring compliance with the above assurance is our plan for field experiences. Our students rotate through a variety

of field experience placements during each block of their program: Block 1 - urban(Title I) schools; Block 2 - rural schools-also focuses on special education student support; Block 3 suburban. A summer program for special education candidates include participation in an intensive partnership with a local school system's special education summer program for limited populations of special education students. 2. To meet the need for our teacher candidates to have more experiences working with ELL students, we have initiated an option for elementary education majors - Language and Culture. Students completed 18 hours of coursework in linguistics, multiculturalism, ELL methods and critical issues for ELL students. 3. A third strategy that ensures compliance with the above assurance is the participation of public school administrators, curriculum specialists, and teachers as guest presenters, panelists, and lecturers in all blocks, beginning with Block 1 continuing through the internship semester.

Low-Performing

On this page, review the questions regarding your program's approval/accreditation and whether your program has been designated as low performing by the state. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program. (§205(a)(1)(D), §205(a)(1)(E))

1. Is your teacher preparation program currently approved or accredited?

- ◉ Yes
- ○ No

If yes, please specify the organization(s) that approved or accredited your program:

- ☐ State
- ☐ NCATE
- ☐ TEAC
- ☐ CAEP
- ☐ Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

- ○ Yes
- ◉ No

Use of Technology

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. **Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))**

   Does your program prepare teachers to:

   a. **integrate technology effectively into curricula and instruction**

   - ● Yes
   - ○ No

   b. **use technology effectively to collect data to improve teaching and learning**

   - ● Yes
   - ○ No

   c. **use technology effectively to manage data to improve teaching and learning**

   - ● Yes
   - ○ No

   d. **use technology effectively to analyze data to improve teaching and learning**

   - ● Yes
   - ○ No

2. **Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.**

   All students are introduced to the use of technology as a tool to collect, manage, and analyze data during their assessment courses. They are asked to apply their learning in case studies, lesson planning and assessment during their methods courses. The culmination of these strategies occurs during the internship where students are expected to demonstrate a high level of competence in using technology to analyze, synthesize, and then use data to plan instruction; in fact, the rubric used to evaluate student teachers contains a specific indicator addressing this competency. During the teacher candidate's internship semester, the candidate completes the edTPA assessment portfolio. Having said all of this, we recognize that this is an area for continuous improvement. We plan to strengthen our introduction to the role of technology in collecting, managing, and analyzing data to improve teaching and learning; the plan includes the development of specific modules and assignments for both elementary and secondary candidates. New equipment, Smart Boards, Elmos, etc have been acquired. Our data management system, Tk20 has continued to expand in functionality for our college. This system is used for management of Field Placement, observation hours, application to the program, application for internship and student disposition assessments.

Teacher Training

On this page, review the questions about how your program trains general education teachers and special education teachers. For the purposes of these questions, general education teachers means those who are not specifically prepared as special education teachers. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(G))

1. Does your program prepare general education teachers to:

   a. teach students with disabilities effectively

   ● Yes
   ○ No

   b. participate as a member of individualized education program teams

   ● Yes
   ○ No

   c. teach students who are limited English proficient effectively

   ● Yes
   ○ No

2. Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

   Most school systems do not allow students to participate in or observe IEP meetings. Some student teachers are permitted to observe (rarely participate) in IEP meetings, but this is not consistent across the disciplines. Students do participate in mock IEP meetings as part of their coursework, but for most, this is the extent of their experience. We are continuing our dialogue with school principals and special education coordinators to facilitate more participation for elementary and secondary candidates. We recognize the need for improving our candidates' preparation in working with limited English proficient students. Since 2010, all education students have been required to take a specific course titled Applied Multiculturalism. Elementary education candidates have had the opportunity to choose a second area of study focusing on Language and Culture since 2010. Coursework focuses on multiculturalism, linguistics, critical issues for ELL students and teachers, and ELL methods.

3. Does your program prepare special education teachers to:

   a. teach students with disabilities effectively

   ● Yes
   ○ No
   ○ **Program does not prepare special education teachers**

b. participate as a member of individualized education program teams

- ● Yes
- ○ No
- ○ Program does not prepare special education teachers

c. teach students who are limited English proficient effectively

- ● Yes
- ○ No
- ○ Program does not prepare special education teachers

4. Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Special education candidates develop IEPs during each semester of their coursework. Specifically, during two courses, EDC 302 -Low Incidence Populations and EDC 351 -Behavioral Analysis and Intervention, candidates develop IEP's and implement strategies to meet IEP goals. Special education candidates are given opportunities to participate in IEP meetings during their internships. We recognize the need for improving our special education candidates' preparation in working with limited English proficient students. Since the Fall of 2010 all students have been required to complete a specific course: Multiculturalism Foundations of Education. Elementary Education major students, have the opportunity to take additional coursework focusing on Language and Culture; this has been a valuable addition to our programs. Twelve elementary education majors are currently enrolled in the Language and Culture cognate.
